

# List of Talks

## Scientific Talks

Sept. 20, 2016: Picture Seminar, ESA/ESTEC, Noordwijk, The Netherlands

**Annular solar eclipse - La Reunion**

June 30, 2016: Visit at the Astrophysical Institute and University Observatory, Jena, Germany

**The story of the young transiting planet candidate CVSO 30 b**

Mar. 08, 2016: 10th Planet Formation Workshop, Mar. 07-09, 2016, Duisburg, Germany

**Observations of an Extreme Planetary System**

Jan. 29, 2016: Internal Seminar ESA, ESTEC, Noordwijk, The Netherlands

**Observations of transiting planets – Transit Timing, stellar activity and characterization of young planets**

Dec. 16, 2015: ESTEC Exoplanet Workshop, ESA/ESTEC, Noordwijk, The Netherlands

**Observations of an Extreme Planetary System**

Dec. 01, 2015: Extreme Solar Systems III, Nov. 29 - Dec. 4, 2015, Hawaii, USA

**Observations of an Extreme Planetary System**

Nov. 10, 2015: 8th SRE Science Workshop, Aranjuez, Spain

**Monitoring of Comets and Extra-Solar Planets with ESAs Optical Ground Station**

July 09, 2015: Visit at Hamburger Observatory, Germany

**Observations of transiting planets – Transit Timing, stellar activity and characterization of young and old planets**

Mar. 23, 2015: Picture Seminar, ESA/ESTEC, Noordwijk, The Netherlands

**Total solar eclipse**

Nov. 05, 2014: 7th SRE Science Workshop, Volendam, The Netherlands

**A transit timing analysis with combined ground- and space-based photometry**

Sept. 09, 2014: 9th Planet Formation Workshop, Sept. 10 - 12, 2014, Kiel, Germany

**Observation and analysis of the youngest transiting planet candidate**

June 11, 2014: Cool Stars 18, June 09 - 12, 2014, Flagstaff, Arizona, USA

**Solar like activity of the TrES-2 host star?**

May 24, 2014: BAV Meeting of variable star observers, Hartha, Germany

**Der Bedeckungsveärnderliche V536 Ori**

May 06, 2014 Lunch Talk at Sterrewacht Leiden, The Netherlands

**Observations of transiting extrasolar planets at the University Observatory Jena**

Feb. 07, 2014: Internal Seminar ESA, ESTEC, Noordwijk, The Netherlands

**A search for transit timing variation**

Apr. 13, 2013: 20. conference of the VdS-working group CCD, Kirchheim, Germany

**Beobachtung von Transitplaneten an der Universitäts-Sternwarte Jena**

Feb. 26, 2013: Spring meeting of the Deutsche Physikalischen Gesellschaft, Feb. 25 - Mar. 01, 2013, Jena, Germany

**A search for transit timing variation**

Dec. 18, 2012: Visit at ESTEC, Noordwijk, The Netherlands

**Search for extrasolar planets by observations of transit timing variations**

Oct. 12, 2012: 3rd annual meeting of the DFG Special Priority Program 1385, Oct. 9 - 12, 2012, Nördlingen, Germany

**Young planetary systems in the 25 Ori cluster**

Sept. 27, 2012: Annual meeting of the Astronomische Gesellschaft:

„The Bright and the Dark Sides of the Universe“, 24-28 September 2012, Hamburg, Germany

**Search for young transiting planets with YETI in 25 Ori**

July 18, 2012: Visit at the Instituto de Astrofísica de Andalucía, Granada, Spain

**Observations of transiting extrasolar planets at the University Observatory Jena**

July 13, 2012: Visit at the DLR - Institut für Planetenforschung, Berlin-Adlershof, Germany

**Observations of transit timing variations at the University Observatory Jena**

May 05, 2012: BAV Meeting of variable star observers, Hartha, Germany

**Die Kepler Mission**

Oct. 18, 2011: 2nd annual meeting of the DFG Special Priority Program 1385, Oct. 17 - 19, 2011), Mainz, Germany

**Young planetary systems in the 25 Ori cluster**

Oct. 07, 2011: Visit at the Torun Center for Astrophysics, Nicolaus Copernicus University, Torun, Polen

**Observations of transiting extrasolar planets at the University Observatory Jena**

Sept. 23, 2011: Annual meeting of the Astronomische Gesellschaft:

„Surveys & Simulations - The Real and the Virtual Universe“, 19-23 September 2011 Heidelberg, Germany

**Observations of transiting timing variations at the University Observatory Jena**

May 12, 2011: Astrophysical Institute Rostock, Team meeting

**Young Exoplanet Transit Initiative: 25 Ori monitoring - Update**

Feb. 15, 2011: 7th Planet Formation Workshop, 14-15. Februar 2011, Göttingen, Germany

**Observations of transiting timing variations at the University Observatory Jena**

Nov. 16, 2010: Workshop on „Young Planetary Systems“, 15-17 November 2010, Jena, Germany

**Young Exoplanet Transit Initiative: 25 Ori monitoring - First Results**

Oct. 30, 2010: First annual meeting of the DFG Special Priority Program 1385, Oct. 27 - 30, 2010), Nördlingen, Germany

**Young planetary systems in the 25 Ori cluster**

Sept. 17, 2010: Visit at the Torun Center for Astrophysics, Nicolaus Copernicus University, Torun, Polen

**Observations of transiting extrasolar planets at the University Observatory Jena**

July 14, 2010: Visit at the Centro de Investigaciones de Astronomía (CIDA), Merida, Venezuela

**Observations of transiting extrasolar planets at the University Observatory Jena**

May 01, 2010: Visit of David Latham at the AIU, Jena, Germany  
**Observations of transiting extrasolar planets at the University Observatory Jena**

May 09, 2009: BAV Meeting ob variable star observers, Hartha, Germany  
**Spektroskopie an der Universitäts-Sternwarte Jena**

May 02, 2009: 16. conference of the VdS-working group CCD, Kirchheim, Germany  
**Beobachtung von extrasolaren Planeten mit der Transitmethode - Profis vs. Amateure**

Sept. 13, 2008: BAV general assembly 2008, Potsdam, Germany  
**Search for transiting extrasolar planets with our AIU Jena Telescope in Großschwabhausen**

Apr. 30, 2008: PLATO meeting, Berlin, Germany  
**Search for transiting extrasolar planets with our AIU Jena Telescope in Großschwabhausen**

May 12, 2007: BAV Meeting ob variable star observers, Hartha, Germany  
**Die Beobachtungsstation Großschwabhausen**

### Public Talks

June 07, 2013: Long night of museums, Jena  
**Total Solar Eclipse: Schwarze Sonne über Australien**

Oct. 19, 2012: Talk at the Staatlichen Regelschule Steinbach-Hallenberg  
**Nicht nur die Sonne hat Planeten...**

Sept. 17, 2012: 11. continuing education for teachers, Sonneberg, Germany  
**Beobachtung von Transitplaneten an der Universitäts-Sternwarte Jena**

July 25, 2012: continuing education for teachers in Astronomy, Jena, Germany  
**Beobachtung von extrasolaren Planeten mit der Transitmethode - Profis vs. Amateure** (joint talk with Manfred Rätz)

Oct. 23, 2010: 29. Fall Meeting of the VdS (BoHeTa), Bochum, Germany  
**Beobachtung von extrasolaren Planeten mit der Transitmethode - Profis vs. Amateure** (joint talk with Manfred Rätz)

Oct. 06, 2010: continuing education for teachers at the GutsMuths-Gymnasium, Quedlinburg, Germany  
**Exoplaneten-Forschung in Jena**

Nov. 02, 2009: Long Night of Science, Jena, Germany  
**3x Transitbeobachtungen von extrasolaren Planeten**

Oct. 03, 2009: 29. VdS general assembly in Jena, Germany  
**Exoplaneten-Forschung in Jena**

June 25, 2008: Ethikseminar „Das Leben als universelles Phänomen - Ethik im Dialog mit Chemie und Astrophysik“ - Guided tour in Großschwabhausen  
**Die Beobachtungsstation Großschwabhausen**
